

CITADEL 3™ OEM COMPONENTS: GASKETED ENCLOSURE

CT3

THIRD GENERATION GASKETED ENCLOSURES

Components Tested and Certified by NSF International
UL FILE E215168

PERFECT FOR T5 AND T8:
ONLY 3-3/4" DEEP

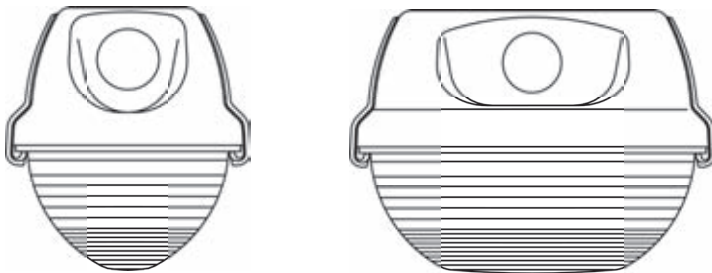

- Food processing facilities
- Commercial kitchens
- Breweries
- Industrial facilities
- Parking Garages
- Under Awnings
- Residential Market
- Laundries
- Car Washes

CITADEL 3™: Third generation weatherproof enclosures: where form truly does follow function. The sleek profile of these enclosures is designed to offer maximum protection for the lighting while offering the minimum surface area for water and dirt accumulation. These OEM components are manufactured of the highest quality materials (V5A (f1)) and are U.L. rated.

- Nylon one piece toggle latches or stainless steel latches
- Designed specifically for T8 and T5 lamps.
- Use of geartrays permits reduced size of housings.
- Very simple to assemble.
- Stainless steel mounting brackets snap on: No Holes in Housing
- Two housing widths (3-1/4" and 5-1/4")
- Utilizes off the shelf 1/2" fittings.
- Injection molded UV stabilized polycarbonate diffusers with lineal prisms.

Optional Mounting Brackets and
Stainless Steel Latches

GEARTRAY OPTIONS: T5 and T8

Product offering and specifications subject to change without notice.

Geartrays carry all the electrical gear.
Saves on labor and weight.
