

SAFETY TUBE GUARDS

STG

Safety Tube Guards are a must for any area in which the debris from a broken lamp cannot be tolerated. Standard for T8* and T12* lamps.

- Unbreakable Polycarbonate
- 4' and 8' Lengths Available.
- UV Filters
- Endcaps hold lamps in place and prevent tubes from falling
- Heat Screens for High-output lamps
- **Colors:** Blue, Green, Red, Pink and Bug Yellow
